

2nd Cryo-EM lunch meeting 2021

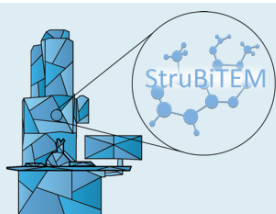

11.05.2021 – 11:30 – 12:30

Dear cryo-EM users,

I cordially invite you to the second Cryo-EM lunch meeting. This regular meeting is meant to be a platform where interested users can meet and discuss topics concerning Cryo-EM. Topics can concern methods, actual problems, equipment, interesting papers...

The lunch meeting will take place every 3 month (February, Mai, August, November) always Tuesday 11:30 to 12:30. The dates of the upcoming meetings will be announced. At the moment the meeting will be a Zoom meeting, as soon as possible we will meet personally for lunch.

Networking and discussions are the key intention of this meeting. These two aspects are very difficult to realize in online meetings. I want to try a form of Zoom meeting, that encourages discussions and gives you the opportunity to get to know the other members of this community. Please give it a try.

Agenda:

Plenum (5 min):

- News of general interest for the cologne cryo-EM community
- Actual issues, problems, questions

Break-out room session “your expertise” (10 min., max. 4 people):

- Question: What is the technique, you are the most experienced in (what is your expertise, what is your passion)?
- This Question should be discussed in the group, everybody finds the technique that he/she is most experienced in. This can also be a technique, that is not closely related to cryo-EM e.g. writing or crystallography.

Plenum (10 min.)

- One person of every breakout room shortly summarizes what are the different persons experts in.

Break-out room session “Cryo-EM workshops and conferences” (10 min., max. 4 people)

- Question: Which Cryo-EM workshop or conference did you joined in the past and found it to be interesting or helpful? What is the major topic of that event?

Plenum (10 min.)

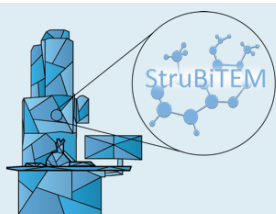

- Collection of conferences and workshops that are worth joining in future
- Feedback of this form of Zoom meeting
